The Mountain Skills course cover navigation topics such as compass work, map reading, feature recognition, and night navigation.

The Rescue Emergency Care courses covers emergency first aid for outdoor enthusiasts and is the standard required for professional certification in many instruction courses. The emphasis is on practical care and evacuation of injured parties.

The Training and Development Officer, in conjunction with the rest of the committee, will continue to coordinate training in 2005/2006.

UCD Mountaineering Club would like to acknowledge the O'Keeffe family's continued participation in the club and their generous support for the provision of professional training to club members.
